

# Tallowwood

EUCALYPTUS MICROCORYS

QUALITY KILN DRIED TIMBER

# Tallowwood

## Introduction

Tallowwood flooring has long held a majestic presence in Australia, with its golden honey toning, its exceptional durability and its interesting grain features. Sought by Designers and Architects Tallowwood offers an elegant neutral toned palette, with no compromise on density or durability.

A large tree that grows in the dryer climates of Northern New South Wales and Southern Queensland, Tallowwood is one of the original timber species used for hardwood flooring in Australia.

## Species in Detail

<b>Common Names</b>	Tallowwood
<b>Look &amp; Features</b>	Moderately coarse but even texture with an interlocked grain.
<b>Botanical Name</b>	Eucalyptus Microcorys.
<b>Colour</b>	Golden honey brown with a tinge of olive.
<b>Dry Density</b>	990kg/m <sup>3</sup>
<b>Natural Durability</b>	Class 1

## Species Hardness Ratings

Species hardness is measured in Janka numbers - the higher the harder the species

## Species Hardness & Product Matrix

Product	Cover Width	Install method	Plywood	Particle Board	Battens	Bearers & Joists
<b>Ultra10</b> <small>TOUGH HARDWOOD FLOORING</small>	86mm	Secret Nail	✓	✓		
12mm	83mm	Secret Nail	✓	✓		
<b>FOURTEEN</b> <small>TOUGH HARDWOOD FLOORING</small>	83mm, 130mm, 180mm	Secret Nail	✓	✓		
19mm	80mm	Secret Nail	✓	✓	✓	✓
19mm, 21mm, 23mm	130mm, 180mm, 210mm	Top Nail	✓	✓	✓	✓

## Grade Descriptions

**Select Grade:** The Features that are present in Select grade flooring are relatively small and few in number, and although they are visible the features do not dominate the appearance of the floor.

**Standard Grade (Medium Feature):** Flooring in this grade will be moderately featured. Gum veins, gum pockets, insect trails, burls and borer holes, are some of the characteristic's that will be more prevalent in Standard Grade.

**Feature Grade (High Feature):** Feature grade flooring is heavily peppered with natural features particularly large gum veins.

**Rustic Grade:** A full featured floor to provide an old world charm. It may contain features that are more prominent than Feature Grade but with the structural integrity of a Feature Grade Floor.

## Environmental Credentials

Hurford Hardwood is committed to our forests, our community and our future.

Underpinning our commitment is an ambitious hardwood reforestation project in our local surrounding area where we have purchase over 5000 hectares of land and have commenced a planting program that will see more than 25000 new plantation eucalypt saplings established each year.

Hurford Hardwood source a proportion of timber from private native forests with the balance procured from NSW State Forestry which is certified under the Australian Forestry Standards Chain of Custody. (AS4707 - 2006).

Hurford Hardwood insist that all timber produced from these forests is done so under the principles of Ecologically Sustainable Forest Management, a system developed to sustain the full range of commercial and conservation values of the natural forest diversity within ecological limits, for current and future generations.
