

DISCOVER A WORLD YOU'D LOVE TO LIVE IN

BAMBOO... A GREAT INNOVATION IN FLOORING AND A SOUND INVESTMENT FOR THE FUTURE

If you love timber flooring, you'll fall head over heels for Quick-Step Bamboo... not just for its good looks, with its long and wide boards, but also for its strength and durability. And perhaps the most impressive feature of all is that it is sourced from dedicated plantations which are re-grown in 5 to 6 year cycles... awarding Quick-Step Bamboo its independent environmental certification from FSC (Forest Stewardship Council).

With its solid construction, Quick-Step Bamboo is stable, incredibly indentation resistant, almost completely insect resistant, easy to clean and maintain and can be sanded and re-finished in years to come... just like a timber floor.

HIGHLY AWARDED... NOT JUST FOR ITS LOOKS

► TOP QUALITY

At Quick-Step, we combine our expertise in flooring to create perfect quality bamboo floors that give you a lifetime of pleasure. Unlike any other brand, Quick-Step has control over the production process. A Quick-Step Quality-Control Unit in the factory ensures that the highest standards are met when manufacturing your Quick-Step Bamboo floor.

When monitoring the production process, Quick-Step keeps an eye on the tolerances in each production step. The partnership also ensures the usage of the best quality raw materials and finishing lacquer in the marketplace.

► WIDEST BOARDS

Quick-Step Bamboo's 14 mm solid boards are a generous 1850 mm long and 137 mm wide. The extra wide boards allow for a modern look & feel, as the natural patterns are shown off to best advantage.

Just have a look at our Australian Bamboo: thanks to the wide planks, the natural variation almost resembles the real look of the popular timber species Spotted Gum.

► A TOTAL SOLUTION

At Quick-Step we don't just offer a product, we offer a total solution. From floors and stair solutions, underlays, profiles and accessories, Quick-Step's range of products guarantees a perfect result every time.

► CLEAN IN A JIFFY

A Quick-Step floor is incredibly easy to maintain, which means worry-free cleaning for you. The floor's surface is completely sealed and thus bacteria and dirt have no opportunity to penetrate the floor. They can simply be wiped off leaving a clean, hygienic surface.

► LEADING LACQUER

The boards are finished with 11 coats of hi-tech European SRT (Scratch Resistant Technology) coating, ensuring it is as resistant as possible to the rough and tumble of everyday life. Quick-Step Bamboo offers a better resistance to scratches than any other bamboo floor!

► REAL WARRANTIES

Anybody can promise a lifelong warranty, but more often than not, the delivery fails.

Quick-Step doesn't just talk about giving you a Lifetime Structural Warranty, we are there when you need us. With qualified representatives all over Australia and New Zealand, Quick-Step offers full ground support no matter where you live.

Quick-Step Bamboo carries a comprehensive Lifetime Structural Warranty and a 25 Year Residential Wear Warranty*, so you can enjoy your Bamboo floor with absolute peace of mind.

EASY INSTALLATION

Installing a Quick-Step floor is a breeze thanks to the patented world-famous Uniclic® click system. This system is highly user-friendly, quicker to install and a lot more solid than other systems. The Uniclic® click system makes installing Quick-Step Bamboo floors easy.

► EFFORTLESS INSTALLATION, THANKS TO THE UNICLIC® CLICK SYSTEM

Quick-Step is the inventor of the Uniclic® installation system, today the standard click-to-install system. Use this revolutionary and patented click system to effortlessly click your floor planks together.

► INSTALL YOUR FLOOR ANYWHERE

Having the world's best joining system ensures a quick, easy and versatile installation of your floor. The strong joining system also results in a more stable floor and avoids moisture, dust or dirt accumulating between the planks.

See for yourself how easy it is to install a Quick-Step floor in our installation videos. Discover them on www.quick-step.com.

A HEART FOR NATURE

At Quick-Step, we realise that 'the world you'd love to live in' is not just a world of stylish interiors. It's also a world that shows respect for our natural environment.

Bamboo is one of nature's most rapidly renewable resources. Bamboo grows into a mature tree ready to harvest approximately every 6 years. All Quick-Step Bamboo products are fully FSC certified, meaning Quick-Step only uses well-managed forests for its resources.

As a company, we make continuous efforts to minimise the ecological impacts of our products and processes.

Every day, we seek new ways to recycle, reduce and renew throughout the entire Quick-Step manufacturing process.

ENTER THE WORLD OF QUICK-STEP® BAMBOO

ARC AUSTRALIANA | ABWAUS

Inspired by the beauty of the Australian wood species Spotted Gum, the lavish boards of ARC Australiana are an impressive addition to any space. The diverse and exotic hues captivate the eye and embrace you with their warmth and exoticness.

ARC AUSTRALIANA | ABWAUS

ARC AUSTRALIANA | ABWAUS

ARC CERUSE | ABWCER

Delicately refined, ARC Ceruse demands attention and is the perfect foundation for both modern and traditional soft furnishing tastes.

ARC VINTAGE GREY | ABWVG

The mid-toned grey of Vintage Grey brings design details, artworks and even people to the fore. Its moody hue comes to life under warm lighting. Use candles, lamps and pendants to create an ambient glow, and cut crystal or glass vases to bounce light around.

DID YOU KNOW?

Simply click your bamboo planks together with the incredible Uniclic system. In contrast to most other click profiles, your floor can be installed quickly and easily, ensuring strong joins between boards every time.

ARC COFFEE | ABWCOF

Warm and inviting, the brown tones of Coffee add an incomparable depth to the floor.

ARC CHAMPAGNE | ABWCHAM

Adding an element of colour to this luxurious floor creates an awe-inspiring space that radiates modern edge with an eclectic twist.

ARC BRUSHED ANTIQUE | ABWBA

The luscious and timeless features of Brushed Antique exude a beauty only found in bamboo. Its long and wide boards expand the sense of space right before your eyes.

ARC BRUSHED ANTIQUE | ABWBA

ARC BARLEY | ABWBAR

ARC BRUSHED LIMED WHITE | ABWBLW

A monochrome palette is classic, and there are reasons it has such a staying power: it's instantly stylish, perfectly polished and easy to reinvent with a few accessories. Brushed Limed White will simply add glamour to any space.

TIP

Want to see this floor in your own interior? Visit www.quick-step.com and try out our online floor advisor! Upload your interior, select your favourite floor and determine which floor fits best.

ARC NATURAL | ABWNAT

Nature springs out from the floor and draws you even closer to the detail. ARC Natural is simply nature at its best!

ARC HARVEST | ABWHAR

Texture is key to the natural trend, with matt brushed finishes taking the place of the usual gloss. The multi-layered texture of Harvest adds depth with unparalleled beauty.

AN UNDERLAY IS NOT AN IDLE LUXURY

WHY GO FOR A QUICK•STEP® UNDERLAY?

PERMANENTLY SOUND-ABSORBING

Quick-Step underlays are top quality and maintain their initial thickness over the years. Which means they will continue to dampen sounds such as the tapping of high heels.

IDEAL FOR UNICLIC®

The smooth surface of our underlays prevent parts of the underlay from getting stuck in between the Uniclic® tongue and groove during installation.

Moreover all Quick-Step underlays offer a stable base protecting the Uniclic® click system.

2 IN 1: PROTECTS AGAINST DAMP TOO

A Quick-Step 2-in-1 underlay will reduce preparation time for the installation of your floor by half. The damp-proof and moisture-resistant membrane (DPM) with an adhesive strip has already been integrated into the levelling underlay. This will save you a lot of time and effort.

QUIET•STEP® COMBI-LAY

Quiet-Step Combi-Lay is the first choice where a quiet step sound and maximum reduction in multi-storey noise is required. This high density underlay has no match when it comes to reducing foot fall noise, with a reduction of up to 30% over standard underlays.

QUIET-STEP is the recommended underlay for ARC Bamboo: due to its high density, QUIET-STEP is able to retain its characteristics and fulfil its purpose without compromise.

1 roll: 20 m² or 50 m²

Thickness: 2 mm

* This underlay is not available in New Zealand. Your retailer will be able to advise you on the correct Quick-Step Underlay for your application.

www.quick-step.com

LAYING YOUR FLOOR WITHOUT HASSLE

Laying a Quick-Step Bamboo floor is easy thanks to the patented and world-famous Uniclic® system.

This system is very user-friendly, a lot faster and a lot more solid than other systems. It makes laying easier, even in the smallest corners of the room.

HOW DOES IT WORK?

You will find yourself fitting your floor in a 'click', very swiftly and with greatest ease.

METHOD 1: ROTATE AND CLICK

Click the panels into each other along the long side and the short side.

METHOD 2: HORIZONTAL INSERTION

Ideal for awkward corners. Unlike most other systems, Uniclic® panels can also be joined together horizontally. This is essential when you install the last row of panels or in places where it is difficult or even impossible to rotate the panels (underneath door frames or heating units, for example).

PRESTIGE PROFILE RANGE AUSTRALIA

* These profiles are a stocked product in Australia. In New Zealand they are available as a special order.

SPOTTED GUM/COFFEE

NATURAL BAMBOO

HARDWOOD

BRONZE

CHAMPAGNE

SILVER
